Additional Terms:

Artificial Intelligence Features: If the Product or Service includes features that utilize artificial intelligence (“AI Features”), Customer acknowledges that: (i) Digital.ai does not guarantee the accuracy, completeness, or reliability of any outputs generated by AI Features; (ii) Customer is solely responsible for any decisions made or actions taken based on outputs from AI Features; and (iii) Customer agrees not to use AI Features in any high-risk or critical environments where errors or inaccuracies could lead to significant harm or damage.

Additional purchase of more than one (1) instance of Digital.ai Agility On-Demand Storage Upgrade – 1TB will result in an upgrade to the Premium edition.

Definitions:

“Historical Retention” means the retention period for Digital.ai-defined data from Customer’s Digital.ai Agility Portfolio Only Edition On-Demand core application database which is used to provide Customer access to customizable dashboards.

“Data Refreshes” means the number of permitted application programming interface (API) call queries to identify changes in the Digital.ai Agility Portfolio Only Edition On-Demand data.

“Sandbox Database Refreshes” means the number of database backup and restore operations on a non-production use instance of Customer’s edition of Agility.
