Additional Terms:

Artificial Intelligence Features: If the Product or Service includes features that utilize artificial intelligence (“AI Features”), Customer acknowledges that: (i) Digital.ai does not guarantee the accuracy, completeness, or reliability of any outputs generated by AI Features; (ii) Customer is solely responsible for any decisions made or actions taken based on outputs from AI Features; and (iii) Customer agrees not to use AI Features in any high-risk or critical environments where errors or inaccuracies could lead to significant harm or damage.

Definitions:

“Historical Retention” means the retention period for Digital.ai-defined data from Customer’s Digital.ai Agility On-Site core application database which is used to provide Customer access to customizable dashboards.

“Data Refreshes” means the number of permitted application programming interface (API) call queries to identify changes in the Digital.ai Agility On-Site data.

“Sandbox Database Refreshes” means the number of database backup and restore operations on a non-production use instance of Customer’s edition of Agility.

“Daily Snapshot” means an end-of-day, point-in-time dataset containing Digital.ai-defined data attributes for select work items having open, active, and in-progress status during a corresponding day used for Customer self-service data analysis.

“Weekly Snapshot” means an end-of-week, point-in-time dataset containing Digital.ai-defined data attributes of select work items having open, active, and in-progress status during a corresponding week for Customer self-service data analysis.

“Monthly Snapshot” means an end-of-month, point-in-time dataset containing Digital.ai-defined data attributes of select work items having open, active, and in-progress status during a corresponding month for Customer self-service data analysis.

“Daily Snapshot Retention” is the retention period for Daily Snapshots.

“Weekly Snapshot Retention” is the retention period for Weekly Snapshots.

“Monthly Snapshot Retention” is the retention period for Monthly Snapshots.
